COVID 19 LEVEL 1 – What does this mean?

Kia ora e te whanau,

This is the latest update from Te Kura Rautau:

We all welcomed the great news we were moving back to Alert Level 1 so quickly.

While any new outbreaks in communities are disappointing to hear of, it is reassuring to see how quickly in the case of the latest Auckland breakout that they have been identified and the situation isolated.

I am sure we are all grateful for the efforts of everyone, particular in the areas of care such as the health workers, scientists and technicians. And to the thousands of people who have been tested, thank you for doing this so quickly.

As a community we need to avoid the complacency which New Zealanders tend to quickly move into when we are at lower alert levels. Please continue to scan QR codes and monitor closely for illness within your whānau.

Our focus as always will be to support the learning, safety and wellbeing of all our rangatahi and tamariki in our community and we continue to be here to support you too.

We are still taking precautionary measures and being prepared for any sudden changes as a kura.

Please don't hesitate to contact your child's kaiako or myself, if there is something you need assistance with or you seek more information.

Ngaa mihi nui ki a koutou katoa

Kevin Ikin
