PĀANUI
 Te Wahanga tua tahi mo te wiki tekau
 Tokohia ngā tamariki: 65

7th April 2021
 Kia ora e te whanau,

It was great to hear everyone had a great long weekend and are looking forward to a very short remainder of the week at kura.

Last week's Seven-a-side rugby tournament had our tamariki playing against some much larger schools and performing exceptionally well. Both of our teams were made up of both boys and girls and played a number of teams with just boys. The Yr 7-8 team played some very experienced teams and had a few unlucky losses but they held their own and performed incredibly well. The Yr 5-6 team had a blast and made it to the semi's, coming in 3rd overall. A huge 'paki up' to the coaches and supporters who positively encouraged from the side-line.

Congratulations to the students who attended the Technology Challenge at the stadium (Yr 5/6 & Yr 7/8). The Mangopare team came 2nd in the Skateboard Ramp Challenge. A fantastic effort - Well done.

Next week is camp for all our tamariki. From Mon, Tue and Wed a trip to Te Hape Paa to learn about Rereahu me ngoona tamariki (Rereahu and his children) has been organized. This is project 2 of our Mana Tu - Mana Ora Program. Over the next few Term's we want to encourage more of these projects to engage and raise the knowledge of our tamariki. Thank you for returning all the forms and encouraging your tamariki to learn about our local histories.

Next week will be the final week of Term 1. We hope you have a safe holiday break and the weather does not turn too cold too early.

Waka Ama at Epworth **by Rayden Turner-Koroheke**

Once I had my life jacket strapped onto me I was ready to paddle. I relaxed until we were out in the deeper part of the water. The call "Kia mau" was to pay attention, then we heard "Kia rite!" That also made us crouch over and reach as far as we could. My paddle was pretty far out then..... "HOE!" Frr frr frr frr... we were off paddling as hard as we could. Every second row we did, the waka would start gliding in mid air for a split second.

As our ropu came around the corner, Tainui, our steerer turned the boat anti clockwise. Once we were coming around our team went 100 percent past the bank where the rest of the school was. I felt like we were flying as we sped around like the white eel (that one of the waka is named after) and then headed back to the wharf.

I was finally out of the water. Once I got my life jacket off, I ran over to grab and scull my E2 drink. We were all happy for what we had just done. It was super fun, even though it made my shoulders very tired and a little bit sore. I can't wait to do it all again!

Waka Ama by Hailey Wikio

As I put my life jacket on, I felt anxious and nervous. But then I realised the little kids had already had a turn on the waka and they really liked it, so I didn't really know what I was worried about. I splashed my face with water and then hopped into the waka. It all hit me once again. "Oh my god, what if I drop my hoe?" So many things could happen!

Matua Isaiah pushed the waka towards the water and we took off. When we were further out on the water I felt more confident once I started paddling. As we glided along the water I noticed a lot of things in the water. I saw loads of grass and a lot of seaweed. I could hear everyone yelling because they were getting splashed with water. I could hear the water swooshing back and forth, it sounded so calm and soothing.

We went around the river two times. On our last round, I didn't even want to get off. Unfortunately, our ride stopped and I had to get off the waka because it was the other group's turn. I hopped off and put my life jacket away. I liked experiencing rowing the waka, it was so much fun and I really enjoyed it.
