 Tokohia ngā tamariki: 65

16th February 2021
 Kia ora e te whanau,

How quickly things can change. Our thoughts go out to those affected both directly and indirectly.

We are back in Level 2 with Covid 19. Hopefully for not too long. There are some guidelines listed below to help whanau understand the requirements that need to be followed.

At kura, we are doing what we can to ensure the safety and welfare of all tamariki and staff are looked after. We have supplied each classroom with hand sanitizer, disinfectant, wipe cloths and hand towels. We have turned off the water fountains as a precaution and are providing water bottles if needed. Please encourage your child to bring a water bottle to kura already filled with water.

Please be aware of the requirements at level 2 and use the contact tracing app or sign in at the office. We thank you for your support.

With all this going on, it doesn't mean we stop. We hope whanau are able to attend tonight's hui in the Multi Purpose Room. It is to design our School Charter 2021. We have heard from some of you already and that is great. We hope to hear from more of you. 6pm tonight in the MPR here at kura.

It's come up pretty quickly. Our School Swimming Sports will be on next Tuesday at the town pools. We hope you are able to make it and join in. Start time will be approx. 10am. The interschools we are hopeful will go ahead but we will need to confirm with whanau once we have Covid Level confirmation.

Community Notices

Currently we are in Covid Level 2: **A reminder of the 10 things you need to know about Alert Level 2**

Alert Level 2 - All of New Zealand excluding Auckland region

Alert Level 2 applies from midnight Sunday for 72 hours.

1. Schools are open to everyone, and all children must attend.

At Alert Level 2 the disease is contained but there is still risk of community transmission. It is safe for children and staff to attend school and for school hostels to be operating as there will be appropriate measures in place, including for children and staff vulnerable to severe illness.

2. Learning will be onsite with distance learning offered in some circumstances.

Distance learning should be provided for those required to self-isolate, those individuals who health authorities have asked to stay away while waiting for a test result, or those choosing to remain at home because they are vulnerable to illness.

3. Schools are not classified as gatherings and a range of events and activities can go ahead.

For most day to day activities at school, the rules for gatherings do not apply. [Under the COVID-19 Public Health Response Order](#), schools are exempted from physical distancing requirements when people are there to receive, provide, or support education services.

However as soon as our event or activity brings people onsite who are not there for education purposes, including students, parents and caregivers, then the rules for gatherings do apply. This would include performances such as school plays, cultural events and sporting activities.

4. Schools will close for cleaning and contact tracing if there is a confirmed case who was infectious when at school.

Our Director of Education will work closely with our kura. We will contact our Ministry regional office if we hear of a confirmed case in our school community but haven't been advised about it by health officials.

5. Face coverings are not required at school or on any school transport.

This includes charter buses hired by the school to transport students and staff. Anyone who chooses to wear a face covering in any setting should be supported to do so.

6. Sick people must stay at home.

All sick people should seek medical advice if they have COVID-like symptoms and get tested if advised to do so. If that person displays relevant symptoms of COVID-19, tests positive for COVID-19, or has been in close contact with someone who tests positive for COVID-19, they must self-isolate.

7. You must have a contact tracing system in place.

This includes displaying QR code posters at our entrances and visitor register.

8. Fundamental public health measures continue to apply at every alert level:

- Physical distancing (not touching and not breathing on each other at Alert Level 2)
- Hand hygiene
- Cough and sneeze etiquette
- Regularly cleaning and disinfecting high touch surfaces.

9. Thinking and planning carefully before we go ahead with any activity that brings a large number of students together and/or spectators are involved.

Some events may need to be cancelled or postponed when we are at Alert Level 2. Inter-regional travel is possible but only where you are confident the appropriate measures will be in place at the host venue, including requirements for gatherings.

10. Your Ministry regional office team is available to provide support.

For more detailed information for Alert Level 2, please refer to our [health and safety guidance](#).

We will keep whanau up to date with information on our school [website](#).
