PĀANUI

Te Wahanga tua tahi mo te wiki tua iwa
 Tokohia ngā tamariki: 65

30th March 2021

Kia ora e te whanau,

We had a special visitor yesterday that could really connect with our tamariki. Our Duffy Books Hero Michel, who is a Samoan artist based in Auckland gave a wonderful presentation that captivated our tamariki. He has a wonderful sense of humor that made the session fun.

Tomorrow is the Seven-a-side rugby tournament at Rugby Park. The draw is in the Sports part of the Panui. We have 2 x teams entered (1 x Yr 5/6 & 1 x Yr 7/8 team) Games start at 9:15am (rain hail or shine it will be on) Good luck to all the teams.

This Thursday (1st April) we will be participating in the Technology Challenge at the stadium (Yr 5/6 & Yr 7/8). Starting at 9:30am and finishing at approx. 2:30pm.

It is always great to see what our ex-students are up to once they go to High School. Well done to those students who were part of the successful Ki o Rahi team that placed 1st at the Waikato Regionals.

There is an important notice about emails in the community section of this panui. Please be aware of this to keep yourselves safe and secure. If you are unsure, use the contact numbers to call for support.

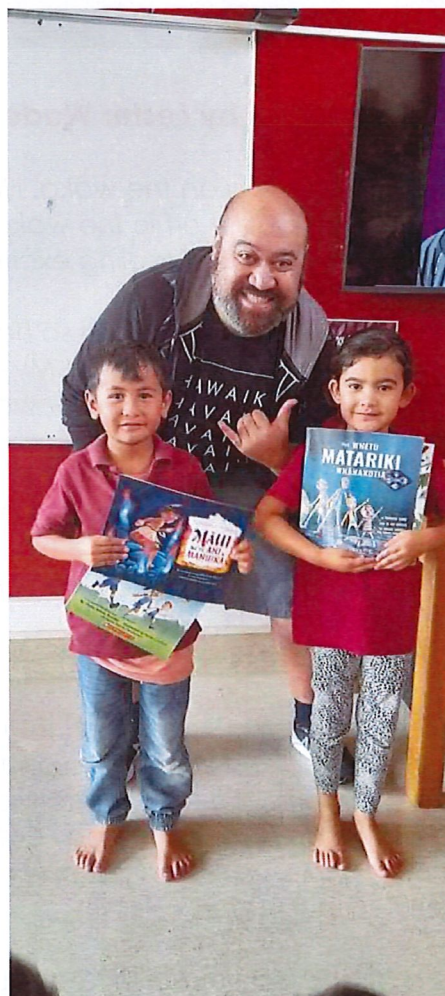

There will be no School this Friday as it is Easter Friday. Kura will return after the Easter break on Wed 7th April. The weather is a little wet outdoors. Please be safe, especially over the long weekend.

Waka Ama Day Trip by Lester Wade

At last we were getting on the waka. Hooray! We finally got to paddle off in the waka I strapped on my life jacket feeling excited.

As soon as I sat on the waka, I felt so happy because my hoe was in the water. My group was first. Once my hoe hit the water we paddled off around the corner.

As we glided along the awa feeling the power, I could hear "1,2,3,4,5,6,7,8 hip 10." I tried to think about paddling in time with the person in front of me. I called out "1,2,3,4,5,6,7,8 hip 10."

All of a sudden, I saw a swan and I thought it was going to attack us! Luckily, it didn't. We could see the shore and my arms felt so sore. Even though I didn't want it to end I called out "Kia mau" and we rested our hoes (paddles).

We turned for the last time and headed back to the shore for the next team to have their paddle. I felt so happy when I was paddling on the waka.

Waka Ama by Nivayah Mauritu-Taylor

On Tuesday we went on a trip to Epworth to do waka ama. I was nervous to get in the waka at the time, but I put my lifejacket on and hopped in. It was surprisingly fun.

When we were in the waka it felt wobbly and it was like I was floating in the air. It was pretty easy to row but kind of hard to keep track of rowing like everyone else, but I soon got the hang of it.

I could hear some birds chirping and the water swishing. It was pretty peaceful.

After we had fun in the waka, we had a sausage sizzle. The sausage sizzle was yum but I didn't have much because we were having a free play swim so I rested my belly for a few minutes. When we were having a swim it was a bit deep but I could touch the ground.

After a while I hopped out and quickly got changed to jump on the tramp. The year 7s and 8s had to help bring the waka to shore. Next we went down by the waka to get our bags to hop on the bus.

I loved doing waka ama and I would like to try it again some time. We had a great time.

**The Ka Ora, Ka Ako Healthy School Lunches Program will be starting here at Te Kura Rautau.**

Please find attached a copy of the Nutrition guidelines for whanau to look through. There are examples of a menu that our tamariki will be having however the menu will be tailored to meet what they would prefer and as long as it fits the criteria. There will be some adjusting to fine tune the menu. During cooler times such as winter, lunches will be heated so that is something to look forward to.

If your child has special dietary requirements, please let the kura know so we can cater for your child.

The Healthy Lunches Program means whanau do not provide their child's lunch. The kura will do this and it comes at no cost to whanau. We will have fruit to top up as required which is already readily available.

### **Social Workers in Schools (SWiS)**

Social workers in schools (SWiS) work in a confidential setting and in partnership with whanau/families and kura/schools so that tamariki/children can learn, grow and thrive. SWiS work primarily with tamariki in Years 1-8 (ages 5-12), in selected schools.

- We identify the obstacles that prevent tamariki from learning.
- We work with schools and families to help tamariki to overcome these obstacles.
- We help keep tamariki safe from harm.
- We can link tamariki and their whanau with other agencies and support where needed.
- SWiS is a free service.
- Principals, teachers, and whanau can refer tamariki to SWiS services, or tamariki can self-refer.
- Whanau have a right to decline or withdraw their tamariki from SWiS services at any time.

### Sport Fees

Sports fees were sent out last week - it has been decided that all fees must be paid 2 weeks before the first game of the season. **NO PAY, NO PLAY!**

Once the games start, your child has 2 weeks to decide whether they would like to commit to the team - if not we will come to an arrangement to refund those fees.

Thanks to our Whaanau Support Group our school fees are set at \$10 per code when many are asking for \$20 - \$30 per child.

**Important Information: Multiple phishing email campaigns are targeting the New Zealand school sector**

Education Service Desk <service.desk@education.govt.nz>  
To: Education Service Desk <service.desk@education.govt.nz>

Tue, Mar 30, 2021 at 8:54 AM

**An important notice from the Education Service Desk****What is happening?****Multiple phishing email campaigns are targeting the New Zealand school sector**

Phishing emails try to trick the recipient to give away information like passwords, usernames, bank account or credit card details. These emails can appear to come from trusted organisations or persons that you know and can look very convincing.

Phishing emails that have been reported recently include:

- Emails enticing people to click on links and enter their usernames to access shared documents
- Emails regarding money transfers and transactions
- Emails advising users to click on links to 'upgrade' their system or increase the size of their mailbox.

The following tips will help you identify these emails and will help prevent:

- The loss of sensitive information
- The installation of malware on school computers.
- Your account or school network being 'hacked' or taken over

**Is there anything I need to do?**

Our advice is:

- Before responding to an email, ask yourself, "Am I expecting an email from this person or organisation?" If the email looks like it is from someone you know, *telephone* the sender to check whether they really sent the email. Do not reply or click on links/attachments within these email
- Phishing senders may try to create a sense of urgency or fear. Often, they will try tactics like telling you that your account has been hacked, your password has been stolen, or your bank details need to be 'verified' urgently. If an email sender is asking you to perform an urgent action, stop and ask yourself if the request is legitimate.
- Always follow your school's normal finance or payroll processes.
- If your school has a process for reporting and handling phishing emails you should review that process and ensure that your school staff know what to do if they either:
  - Identify that they have received a phishing email.
  - Clicked on a link from a phishing email and/or entered any sensitive information.
- If a user at your school is tricked into giving away their username and password, then part of your process should guide that user to immediately change their password to a completely new password.
