## Winter Sports

What a start to the winter season. It feels hectic, exciting and for some of our tamariki it brings out their nervousness. Things will settle down as we get past grading or as we add these new times into our family schedule.

Be proud of your tamaiti for respecting their coaches, learning time management and being self sufficient, all while being part of a team environment. At the end of their learning day they still take their energy and wairua to sports and give it their all!
