PĀANUI
Te Wahanga tua tahi mo te wiki tuarua
Tokohia ngā tamariki: 66

10th May 2022

Kia ora e te whanau,

We wish all mum's a happy Mother's Day for last Sunday. A great time to share and be acknowledged for everything that our mum's do for us. We hope your day was very special. -

A busy start to the Term so far. The St John sessions with our tamariki talked about safety in the kura and at home. There are many things we can all do to help prevent potential accidents from occurring. With the wet weather starting to become more frequent, this is a good time to recheck and ensure safety at your place. An example of what we have done at the kura: We changed the mats at all the main door entry points. They are now permanent carpet type flooring, Durable and large enough to prevent slipping and movement. Stay safe whaanau.

Talking about keeping safe. Covid 19 continues to be present in our community. We need to remind ourselves of the precautionary measures such as wearing of masks in small spaces, especially when out in the public.

We would value your feedback whaanau. Masks are one of the tools we use to keep ourselves safe. We encourage our tamariki to wear them in kura, especially in the classrooms. Question: Do you encourage your tamariki to wear masks when out in public? How are you feeling at the moment in regard to Covid?

Cross Country trainings will be starting so please support your child with exercise. If they are unwell, we will not be forcing them to participate.

Heoi ano
Kevin Ikin, Principal

Kym the Astronomer @ 10:30am Wed 11th May
Rangitoto Interschool C/Country Fri 27th May
Interschools Orienteering 17th June
Science Fair - Aria 6th July

One of our topic inquiry focus area is on Matariki - The Stars

A wonderful opportunity for us...

It's not everyday you have an astronomer call into the kura to share their amazing experiences

Our students have a special guest visitor to our kura this Wednesday at 10:30am. Kym Tangihaere has offered to come and speak to our students about her experiences with astronomy which was her occupation whilst living in England.

Kym was recognised in the Kawenata awards a couple of years ago for her work in this field.

We will be following the Covid protocols and precautionary measures as best as we can. If whaanau do not wish to have their tamariki in the Multi-Purpose-Room during this time, we will be providing a zoom link for our students so they can still learn valuable information from Kym.

Happy Mothers Day - Celebrating this wonderful occasion in Room 2 with some special Heart Wreaths for their mum's

This is what Mana Tangata looks like in Room 2

Neurodiversity:

Neurodiversity describes the idea that people experience and interact with the world around them in many different ways; there is no one "right" way of thinking, learning, and behaving, and differences are not viewed as deficits.

Neurodiversity covers a range of neuro diverse conditions. Your child may show one or more of these: • **ADHD** • Autistic Spectrum Disorder • Dyspraxia • Dyslexia • Attention Deficit Hyperactivity Disorder (ADHD) • Dyscalculia • Dysgraphia • Meares-Irlen Syndrome • Tourette Syndrome • Obsessive Compulsive Disorder (OCD) • Synesthesia • FASD or Foetal Alcohol Spectrum Disorder

<https://exceptionalindividuals.com/neurodiversity/>

Neurodiversity:

ADHD What is it?

ADHD is one of the most common neurodevelopmental disorders of childhood. It is usually first diagnosed in childhood and often lasts into adulthood. Children with ADHD may have trouble paying attention, controlling impulsive behaviors (may act without thinking about what the result will be), or be overly active.

What are the signs of ADHD in a child?

Hyperactivity and impulsiveness

- being unable to sit still, especially in calm or quiet surroundings.
- constantly fidgeting.
- being unable to concentrate on tasks.
- excessive physical movement.
- excessive talking.
- being unable to wait their turn.
- acting without thinking.
- interrupting conversations.

Can ADHD be cured?

ADHD can't be prevented or cured. But spotting it early, plus having a good treatment and education plan, can help a child or adult with ADHD manage their symptoms

What causes ADHD in a child?

Genetics. ADHD tends to run in families and, in most cases, it's thought **the genes you inherit from your parents** are a significant factor in developing the condition. Research shows that parents and siblings of someone with ADHD are more likely to have ADHD themselves.

Wairua Hihiko - (Innovation) their creativity, imagination and flair for innovation

Panekiretanga - (Excellence) in all they apply themselves to

Mana Tangata - Pride in their identity, resilience when faced with challenges and adversity, enduring respect and care for hapū and iwi, integrity of character and as an individual

Maniapototanga – versed in the whakapapa, waiata, karakia, histories of Maniapoto

3 May 2022 - St John ~ Keeping Safe module ~

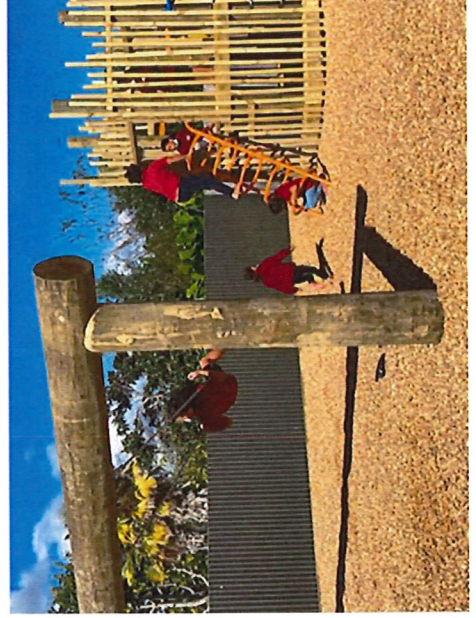

5 May 2022 – OPENING new junior playground

Matua Isaiah opens the playground with a karakia

WINTER SPORTS HAS BEGAN!

Netball, rugby and soccer began last week and what a week our Te Kura Rautau tamariki and whaanau had!

Nгаа mihi nunui tamariki maa - You all represented your kura with pride!

CPS HAWAIKI TUU

TAIAO & HATTA

WIREMU'S TRY FOR WAITETE

SOCCER:

Well done to our Soccer Senior & Intermediate team for a winning start to the season and we can't wait to see how our little Pod Players progress with what we have already seen out there on the field in week 1.

RUGBY:

Rugby was yet another successful day with our CP tamariki representing St Joseph in Ripper Rugby and Under 9s tackle - so proud to see your Panekiretanga (Excellence) extendeds outside of our kura tama maa.

NETBALL:

Congratulations to all our Netball players for their awesome games last Thursday. Many extended thanks to all our involved maatua (parents) who made that evening extra special with your awhi!! Our kura looked amazing!

SPORTS TEAM OF THE WEEK

NETBALL: CPS MANAWA YEAR 7 & 8'S

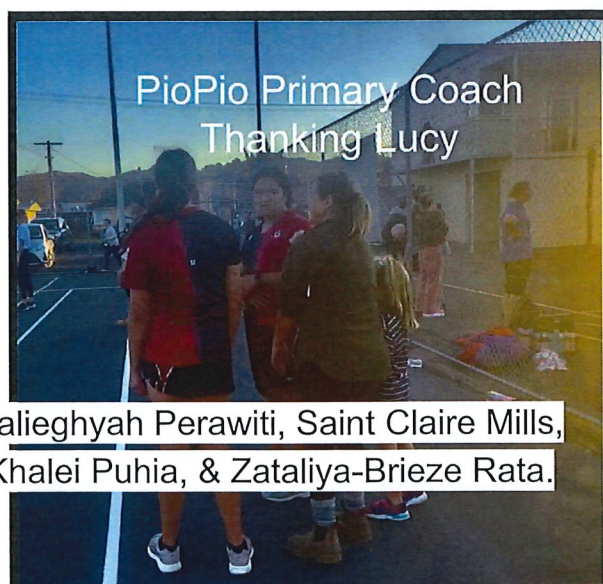

The team was scheduled to play a very much younger team in the draw last week. Piopio Primary Panther were anxious to play our seniors and despite playing a player down or Aalieghyah defending on her knees the win was obvious. To give you an example of Mana Tangata, our CPS Manawa team still decided to give the win to their opponents - he ataahua teenaa!!

Well done Lucy Ah Cheung for showing her partner maanakitanga by helping her crying partner on to court and making sure she enjoyed the game.

CP MANAWA PLAYERS:

Lucy Ah Chueng, Matatu Atutahi, Kiana Perawiti, Aalieghyah Perawiti, Saint Claire Mills, Miriama Ngarongo-Hetet, Nivayah Mauritu-Taylor, Khalei Puhia, & Zataliya-Brieze Rata.

THIS WEEKS DRAW

NETBALL 2022

Time	Verses	Court	Player of the Day(Week1)
3.30pm	Fun Ferns	Court 1	Jade-A Hughes
4.20pm	CP/TWOM Te Mauri vs TWOM Pango	Court 2	Mangatea Hemana
4.30pm	CP Manawa vs TWOM Mataamua	Court 3	Matatu Atutahi
